

## YEAST EATERS LIKE TABLETS

Easier To Take, Contain Proper Dose.  
Produce Results Quicker.

### CHEMISTS CONCENTRATE VITAMINE FROM YEAST

Thousands are turning from ordinary yeast to the new and better concentrated tablets which contain a proper dose of Yeast Vitamine (Water Solution B), made from yeast with the still more important "Fat Soluble A" Vitamine. These tablets are called "Pho-Pho Vitamine" Tablets, and those taking yeast to help banish pimples, boils, carbuncles, etc., beauty complexion, increase weight, strengthen and build up the run-down system and also constipation in a permanent fashion, will find the tablets easy to take, more economic and results quicker. It is no wonder that druggists and chemists recommend these Pho-Pho Vitamine Tablets for all complaints for which ordinary yeast is good. If your druggist hasn't secured the tablets yet, send \$1.00 plus 4c war tax, to Irving Laboratories, Wheeling, W. Va., for a large bottle of sixty Pho-Pho Vitamine Tablets prepaid.

## WEDDING.

Hezekiah B. Smith.

Hezekiah B. Smith, 80, who served for a short time in 1871 as the first patrolman in New London, died Monday night at the Lawrence and Memorial hospital in that city after an operation for intestinal obstruction.

He was a native of New London having been born October 21, 1841. His father, Hezekiah B. Smith, was a boat builder and the young man worked with his father and afterwards he followed the carpenter trade.

He was the first day policeman in New London being appointed on Feb. 1, 1871, in which capacity he served a short time. He secured a position as messenger for the Adams Express Co., and ran between New London and Providence. Later he became a postmaster and served as assistant postmaster and later as acting postmaster. He served in the army in the Civil war and was one of the early members of the Grand Army of the Republic.

## PASSENGERS PROTESTING AT REMOVAL OF COMBINATION SMOKER FROM N. H. TRAINS

The half hour ride from Norwich to New London on the 7.50 o'clock train Wednesday morning was unusually lively as far as conversation went. The topic of conversation was the combination smoker which was absent, having been taken off by the New York, New Haven and Hartford railroad. The male passengers were loud in their protests against the absence of their smoking car and it is understood that some of the women on board were more or less dissatisfied over the crowded conditions in the car of the male passengers who ordinarily ride in the smoker, the women feeling that the absence of the smoker put them to unnecessary inconvenience.

Most of the passengers on the train, it is said, are regular daily patrons who use the train each morning and who return to Norwich on the 4.15 out of New London in the afternoon. When they boarded the 4.15 they found that the smoker on that train had also been taken off.

It is understood that a petition will be circulated among the passengers this (Thursday) morning requesting the public utilities commission to investigate with a view to having the smoker restored to the train as soon as possible.
